

Lindsey Brist is a Commercial Risk Manager and Sales Executive on the PayneWest Boise team. Brist left an almost 15 year career in the financial industry to pursue her career in Commercial Risk Management and Insurance. Lindsey grew up in the business community in the Treasure Valley, so she brings with her a knowledge of not only business, but also a vast network of relationships.

Brist graduated Magna Cum Laude when she earned her Bachelor of Arts degree in Industrial and Organizational Psychology from the College of Health, Human Services, and Science at Ashford University in San Diego, CA.

Brist currently serves the community in several different ways. She is currently the Vice President for Fundsy, she sits on the Executive HR Committee for the Treasure Valley YMCA, and after graduating from Leadership Boise, through the Boise Chamber of Commerce, in 2017, she serves on the Leadership Boise Alumni committees for Membership and Community Involvement.

In her spare time, you can catch Brist traveling the world with her husband, Jo, enjoying the outdoors, cooking something amazing, or cuddling with her Great Dane, Atlas.
