

ANNUAL SPONSORSHIP PROGRAM 2019

CREW Idaho was established to create a forum for professionals in the commercial real estate industry to share their respective knowledge and abilities through education, networking and business referrals. CREW members pride themselves on working to increase the diversity in the commercial real estate industry and in providing members with both leadership opportunities and professional development.

A CREW Idaho sponsorship provides firms with targeted access to the professionals who influence and lead commercial real estate in our market. Not only are they accomplished and driven, CREW Idaho members are engaged, involved and loyal to the organization and its sponsors.

The sponsorship program was created to provide an easy and cost-effective way to position your company and increase your business opportunities with our members and the local commercial real estate professionals we reach through each of our programs and events.

CREW Idaho has many levels of sponsorships available. For more information and details on our available levels please contact:
